1200mm

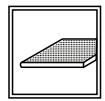

A LEGACY OF EXCELLENCE IN THE CERAMIC TILE INDUSTRY

The versatile large-format tile range of 600x1200mm is a perfect blend of modern aesthetics and high performance, crafted to transform any space into a statement of sophistication. Known for its sleek dimensions, the 600x1200mm tile size minimizes grout lines, offering a seamless and expansive look ideal for both residential and commercial interiors.

Whether used for walls or floors, these tiles elevate the visual appeal with their clean lines and elegant proportions. Elevate your interiors with 600x1200mm ceramic tiles, a perfect harmony of size, strength, and style. Crafted with precision using advanced ceramic technology, ensuring high strength, scratch resistance, and long life.

Sparkling Effects on Matt Surface

① SPARKLE Collection

SUGAR EFFECT

Tiles with Sugar Effect deliver a soft brilliance, like glimmering grains of sugar delicately embedded in a satin matt surface. Finish that adds texture without overpowering the aesthetic, making it ideal for refined, elegant interiors.

② ELECTRIC Collection

SUGAR+CARVING EFFECT

Sugar + Carving Effect is a masterpiece of dimension and detail. Combining the shimmer of sugar particles with precision-carved surface grooves, this finish creates a dynamic interplay of light and depth.

③ ELEGANZA Collection

SUGAR+GLUE EFFECT

Where elegance meets innovation, the Sugar + Glue Effect showcases a distinctive glossy-glitter combo. The surface sparkles with sugar crystals, while selective areas are highlighted with a glassy glue texture, offering a mesmerizing contrast.

④ SUPREMA Collection

SUGAR+LAPATO EFFECT

Fusing subtle gloss with a matt finish. The fusion of Sugar and Lapato Effect brings refined sophistication to any space. Polishing of the Lapato finish enhances the sparkle of sugar textures, creating a smooth, semi-gloss surface that reflects light while retaining slip resistance.

FEEL THE SUGAR'S DEPTH EFFECT WITH LAPATO, CARVING & GLUE FINISH

The granular texture mimics natural sugar crystals, delivering a refined surface with gentle shimmer and depth. Subtle texture and sparkle of sugar crystals, giving each tile a refined, tactile quality.

		
Fire Resistant	UV Resistant	Chemical Resistant

		
Acid Resistant	Heat Resistant	Anti-Bacterial Resistant

FEEL THE UNIQUE FEATURES

Offer UV resistance, preserving their beauty in sunlit spaces, and are resistant to acids and chemicals. Advanced features that make them ideal, like fire and heat resistance, and easy to maintain, which meet the demands of routine life with elegance.

		
Hotels & Restaurant	Corporate Office	Airports

		
Shopping Mall	Public Places	Residential Area

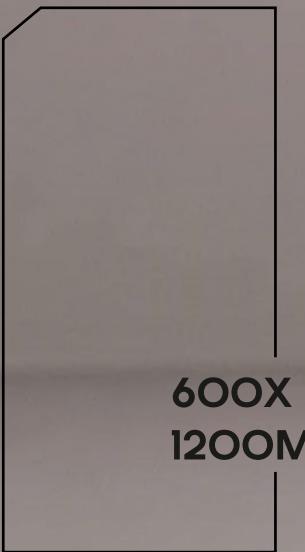

FEEL THE STUNNING APPLICATIONS AREAS

Suitable for a wide range of applications, from high-end residential interiors to heavy-traffic commercial zones. An ideal for restaurants, shopping malls, airports, public spaces, and private residences alike.

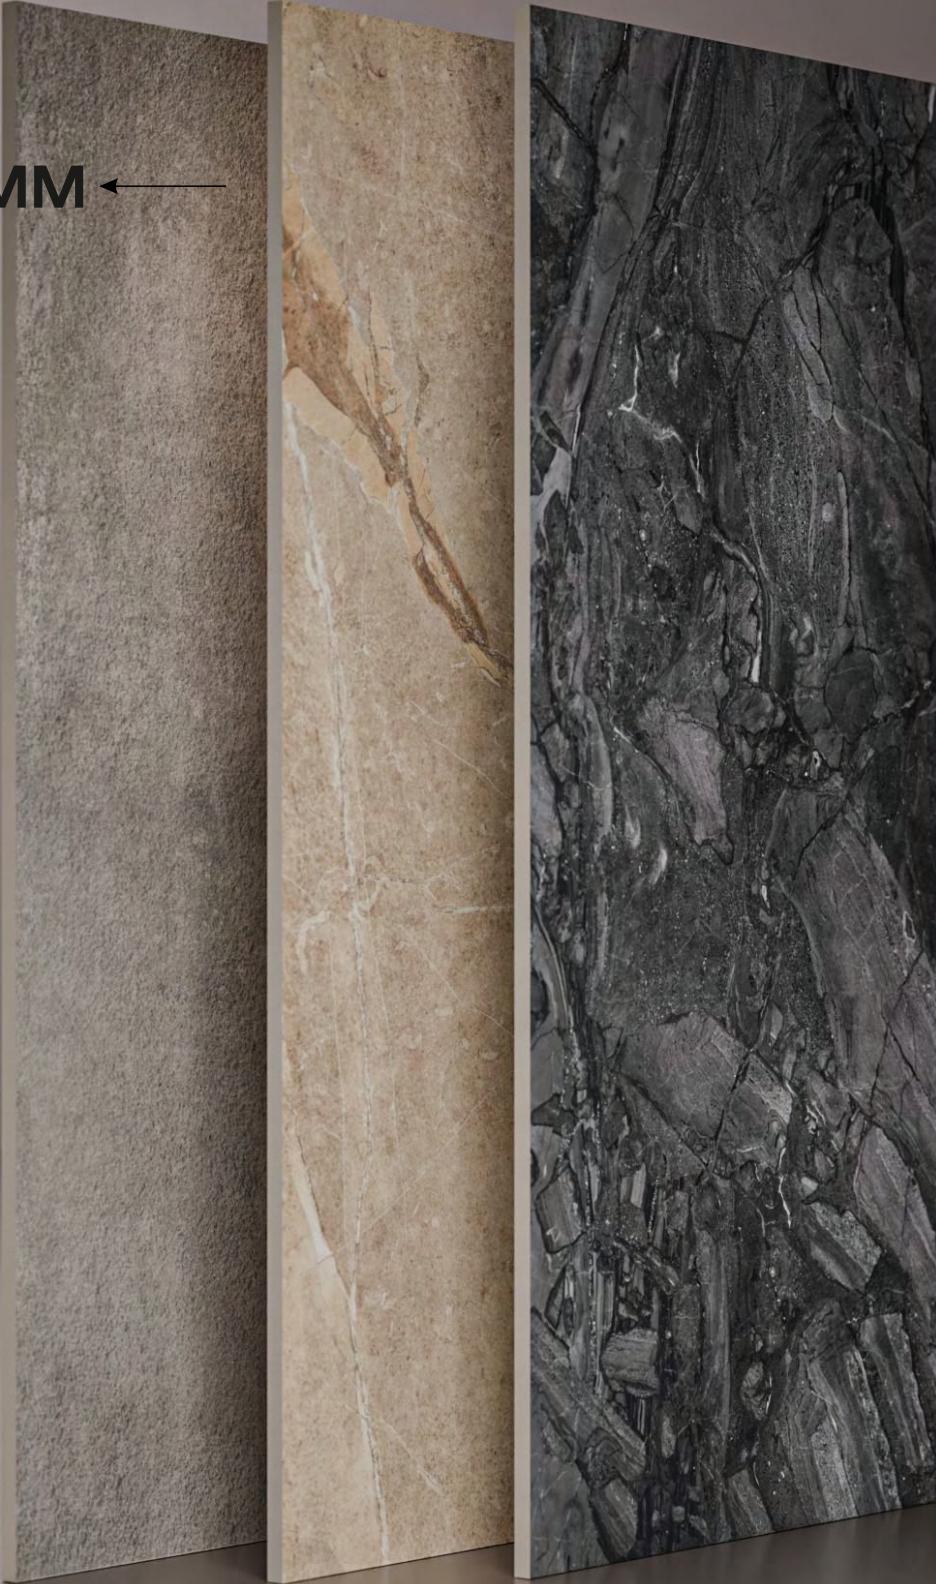

Size & Thickness That Redefines Elegance

Bold in scale yet subtle in elegance, the format of 600x1200mm tile is not just a tile, it's a design statement. With fewer grout lines and expansive coverage, it lends a seamless, sophisticated aesthetic that whispers luxury in every corner. Crafted for the connoisseurs of contemporary living, the 600x1200mm tile with a 9mm body.

Crafted with precision at a 9mm thickness, with unmatched durability without compromising on finesse. The 600x1200mm tile offers the canvas your vision deserves. Finished in refined textures and curated tones, which define the space.

SPARKLE Collection

SUGAR EFFECT

Step into a world where surface design transcends the ordinary. The Sparkle Collection is the epitome of sophistication, which is brought to life through Sugar Effect.

A unique texture of sugar effect finish that captures light with subtle shimmer and tactile depth. Tiles that reflect refined elegance, mimicking the granular brilliance of crystallized surfaces with a soft touch underfoot and visual warmth that elevates every environment. It's not just a finish—it's an experience that redefines modern surface expression.

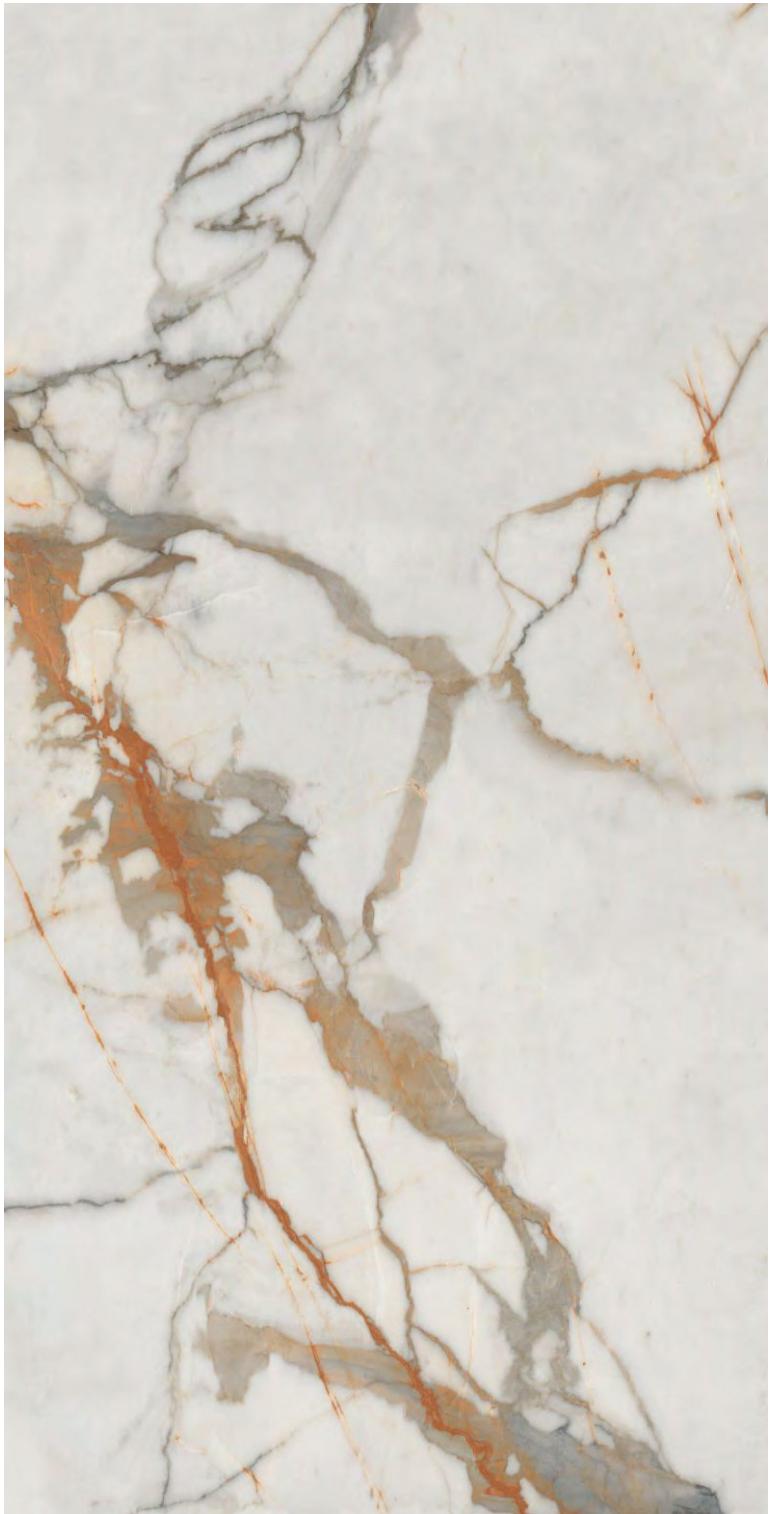

Sugar Effect adds a dynamic layer of texture and visual appeal, making it the perfect fusion of art and durability. The sparkling granules on the surface glint gently under natural or artificial lighting, creating luxurious aesthetics without compromising functionality.

SUPREMA Collection

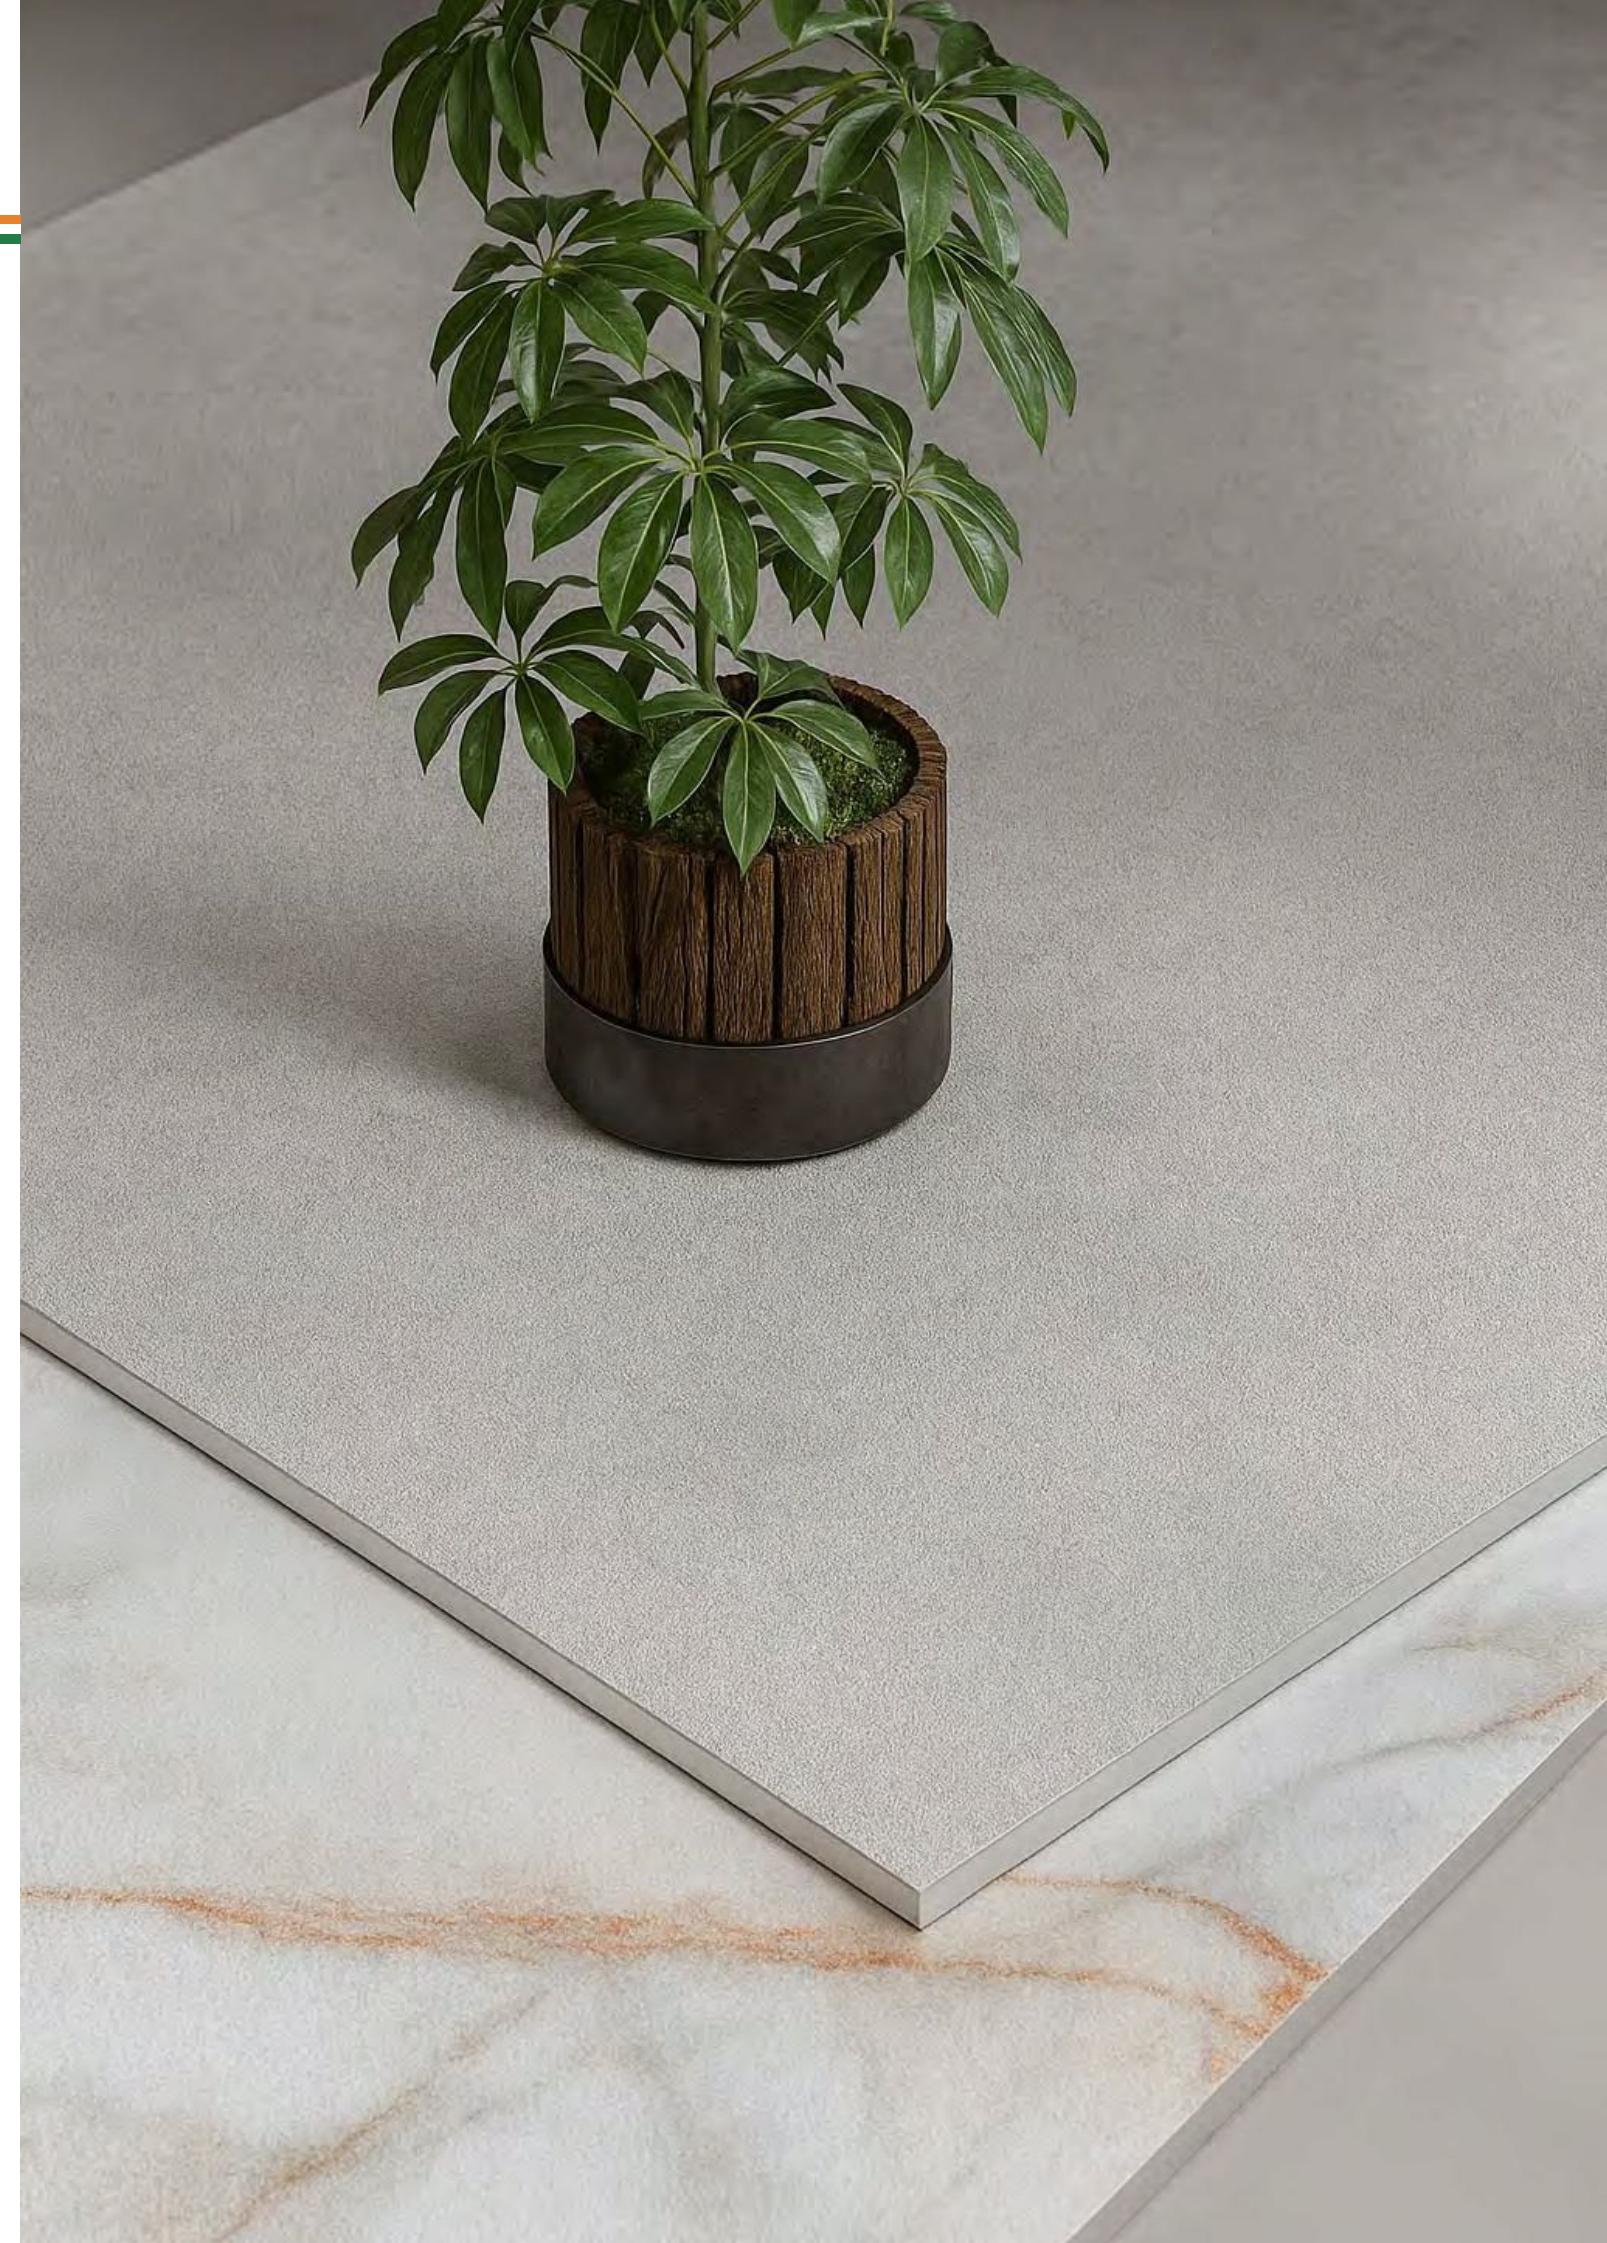

SUGAR + LAPATO EFFECT

Discover a surface where luxury meets precision with the Suprema Collection—a masterpiece defined by its distinct Sugar + Lapato Effect. The unique fusion transforms each tile into a tactile experience that captures both light and texture in an effortlessly refined way.

The sugar effect delicately dusts the surface with a crystalline texture, creating a soft shimmer that adds visual depth without overpowering the design. With the lapato finish a low polished texture that subtly smooths the high points while leaving the low areas matt which gives a balances natural texture with a gentle gloss.

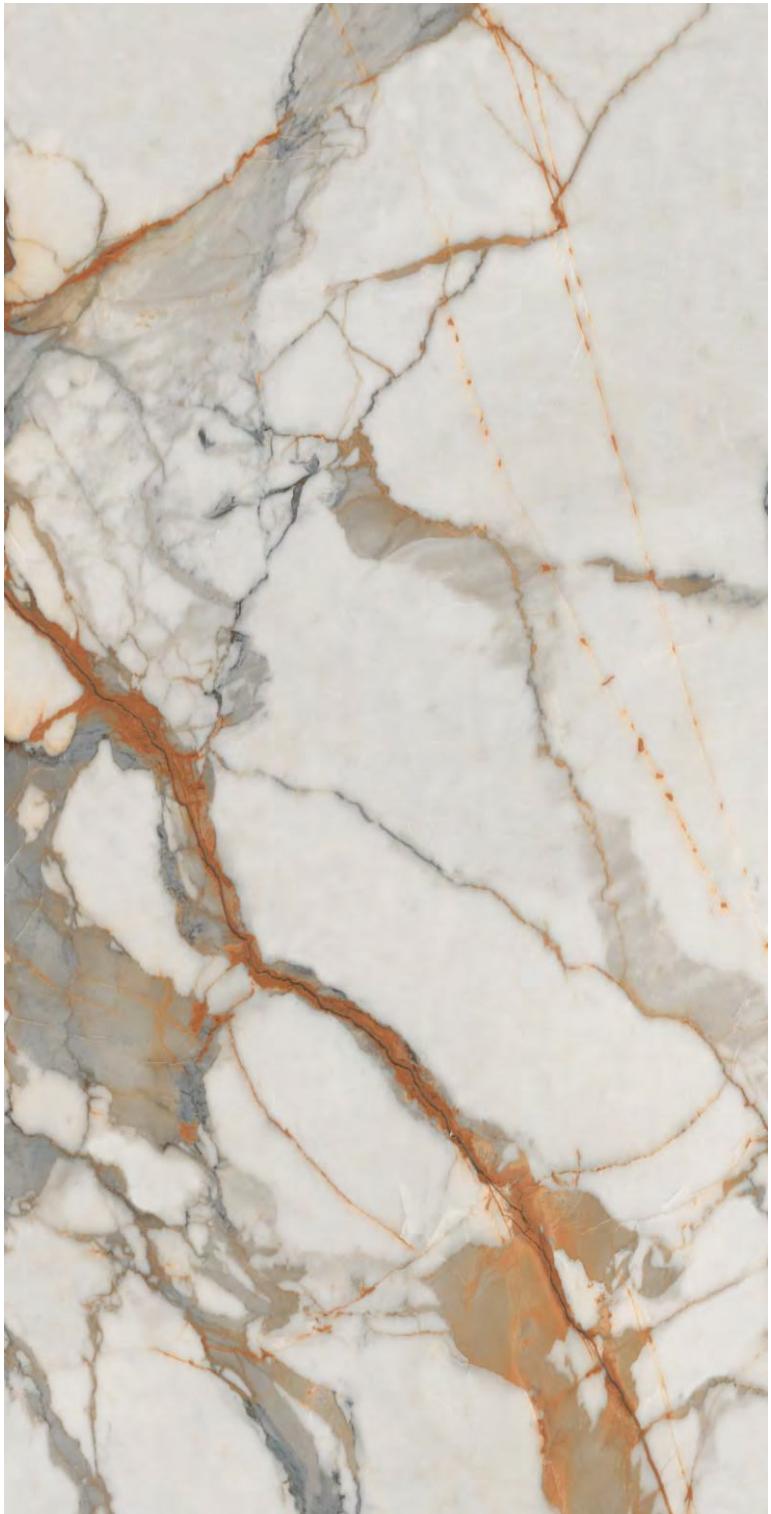

A blend of these two finishes gives the tile a contemporary matte-satin luster, ideal for interiors that demand subtle elegance with a modern edge. Whether installed in residential sanctuaries or commercial masterpieces, the Suprema Collection offers understated grandeur and enduring style in every inch.

ELECTRIC Collection

SUGAR + CARVING EFFECT

Step into a realm where texture meets artistry, introducing the Sugar + Carving Effect from the Electric Collection. The fusion of these effects creates a multidimensional surface where the shimmer of sugar and the tactile drama of carving are not opposing forces, but perfectly synchronized layers.

The sparkling sugar catches your eye, while the carvings invite your touch. This elegant duality makes it a bold choice for designers seeking surfaces that exude modern luxury with artisan finesse. As light glides across it, the sugar effect gleams softly while the carved elements respond with sculptural play.

Whether you're designing a boutique hotel lobby, a high-end living space, or an artistic feature wall, the Sugar+Carving fusion becomes the focal point that captures the gaze and holds the story.

ELEGANZA Collection

SUGAR + GLUE EFFECT

The Eleganza Collection is where craftsmanship meets couture. With a refined Sugar + Glue Effect, this surface treatment merges brilliance and depth to create a tile that doesn't just decorate a space, it elevates it.

The sugar effect infuses the tile with a subtle crystalline shimmer, casting a delicate sparkle across its surface. The glue enhancement hat truly defines this collection which seamlessly overlays textured areas with a soft larity amplifying visual richness and adding a sensual, touchable gloss to key design elements. Whether applied in upscale living rooms, luxury commercial spaces, or boutique hospitality interiors, delivers a fine balance between minimalism and ornate charm.

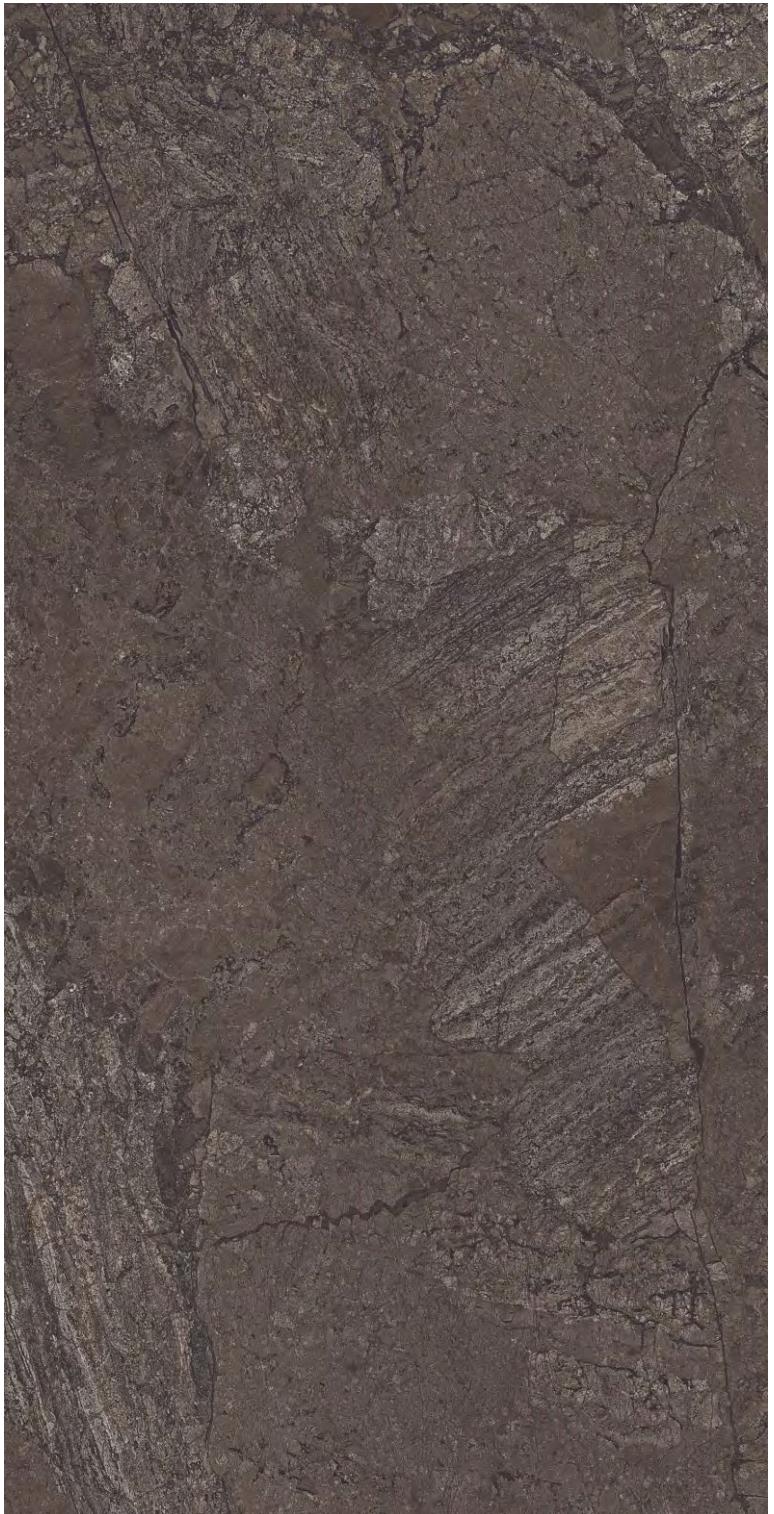

Fusion offers a harmonious contrast between matt and luster, creating a dynamic interplay of light, texture, and tone. The surface that catches the eye from every angle and invites a closer look of a perfect for spaces that demand elegance with personality.
